Buffet Warming Display Baño Maria 6

Description

The Buffet Warming Display Baño Maria 6 is the ideal solution for the professional presentation and hot holding of food in self-service environments. Whether tapas, side dishes or complete meals – the combination of even heat distribution, optimal visibility and easy access ensures efficient workflows and an attractive buffet presentation. Thanks to folding doors, integrated lighting and a well-designed construction, the unit is perfectly suited for foodservice, buffet and catering with high customer frequency.

Heated display for foodservice, buffet and self-service:

- Self-service bain-marie heated display case for the presentation and hot holding of prepared foods.
- Ideal for tapas, side dishes, meat dishes, vegetables, sauces or pasta.
- Suitable for use in foodservice, buffet and catering applications.

Easy self-service & perfect presentation:

- Flaps on front and rear for self-service.
- Optimum visibility of products.
- Long-life LED lighting.

Technical details:

- Temperature range up to 80°C in the tray area.
- Water drain underneath the unit for easy cleaning.
- Incl. 6 × 1/3 GN trays, 40 mm depth.
