Art.-Nr. 06-70338-03
Bottle Adapter for TopShot

Description

• Liquor bottles can be placed directly onto the dispenser
• The customer immediately recognizes the familiar bottle on the device
• No transfer of the liqueur to the container of the TopShot and no subsequent cleaning
• Suitable for bottles with a PP 31.5 closure
• The bottles are not heated, the quality of the spirits is preserved
• While tapping the flow heater warms the drink within seconds up to 65°C
