Art.-Nr. 00-10111

Buffet Milk Dispenser Vario Station Uno

Description

Stainless steel buffet milk dispenser with tap for the hygienic and convenient dispensing of milk, coffee cream or milk alternatives at the breakfast buffet or coffee station. The elevated design with stainless steel stand provides a practical clearance height and offers catering, hotel and foodservice operations a durable and stable solution for high-traffic self-service areas.

- Ideal for breakfast buffets, coffee stations, conference service and catering
- Stainless steel container in the distinctive design of a traditional milk churn
- Capacity: 1 liter
- Convenient clearance height for cups and glasses
- Hygienic self-service solution
- Stainless steel stand
- Decorative stainless steel top plate
- Easy to clean and durable
- Stable construction for self-service areas
