Art.-Nr. 06-70338-01
Cleaning Kit for TopShot

Description

CLEARANCE SALE. AS LONG AS STOCK LASTS.
For the particularly quick and easy daily cleaning. Instead of filling the TopShot's beverage container with water to rinse the machine at the end of the day, the additional cleaning container can be used. So you can use the original beverage container with the liqueur again without having to empty it before cleaning and to refill the next day.
Content:
• Second container with lid for the cleaning process
• Detailed cleaning instructions on the lid of the cleaning container
• 2 syringes for flushing the air ducts
