Art.-Nr. 05-10306
Cold Display Bistro View 120C

Description

The Bistro View cooling display impresses with its elegant design and maximum all-round visibility for an effective presentation of cakes, desserts and snacks.
The large glass surfaces and LED lighting from all sides showcase your products perfectly and ensure maximum attention.
The ventilated cooling system provides uniform temperature throughout the interior, while the flat top offers additional versatility for counter use. Ideal for cafés, bakeries and catering environments with high standards for presentation and functionality.

- For the elegant presentation of your cakes and desserts on 3 levels.
- Large panoramic panes allow ideal visibility of your food.
- LED lighting from 4 sides for maximum attention.
- Large glass shelves ensure a light-flooded interior.
- Height-adjustable shelves made of glass.
- Floor made of stainless steel.
- Dimensions of the shelves suitable for 3x 1/1 GN.
- Temperature range + 2°C to +10°C (at an ambient temperature of 21°C).
- The ventilated cooling creates a gentle air circulation and ensures a uniform temperature distribution.
- Electronic thermostat with automatic defrosting.
- Particularly energy-efficient due to double glazing all around.
- Glass doors on the back.
- The flat top can be used as a counter surface.
- Coolant R290.
- GN containers not included.
- Energy efficiency class: C (scale A-G).
- Annual energy consumption: 972 kWh/year.

Technical data

Electric power:	490 W
Voltage:	230V
Supply frequency:	50Hz
Width x depth x height:	1185 x 650 x 735 mm
Net-weight:	135 kg
