Art.-Nr. 05-70771
Santos Brushless Blender #66

Description

- The quietest blender on the market without noise protection cover
- Ideal for smoothies, cocktails, milkshakes, frozen coffee
- Maximum safety thanks to automatic shut-off when the container is removed and even when the lid is opened
- Titanium-coated blade for durability and resistance
- Alternately rotating blade optimizes the shredding of ice cubes, nuts and frozen fruits in seconds
- 9 pre-installed program sequences enable variable blending at different speeds
- Speed 0 - 8. 000 rpm
- Particularly quiet and energy-efficient thanks to brushless, powerful motor
- Flexible lid fits perfectly to the container and closes tightly
- User-friendly touchpad control panel
- Blender jug 2.4 liter total volume, 1.4 liter max. fill level during use
