Art.-Nr. 05-70194
Centrifugal Juicer Juice Maker

Description

Professional centrifugal juicer for catering, hotels, commercial kitchens and other commercial applications where freshness counts. The high-speed motor effortlessly processes large quantities of fruit and vegetables into delicious juices: efficient, aromatic and vitamin-preserving. Thanks to the large collection container, you can work efficiently and without interruption for long periods of time.

- Powerful high-speed motor: 2800 rpm
- High capacity: production of up to 100 litres of juice per hour
- Ideal for busy establishments
- Large pulp container: 4.4 liters capacity for uninterrupted operation
- Versatile application: for soft and hard fruit or vegetables such as apples, carrots and celery to peaches, pineapples and melons
- Also suitable for preparing soy milk, rice milk and nut milk
- Easy cleaning of the individual parts
- Safety lock
- Overheating protection
- Stainless steel housing
- Plastic parts made of sturdy ABS and polypropylene
- Protection class I
- IPX1 waterproof protection
- Areas of application: Restaurants, hotels, bars, cafés, canteens and other commercial kitchens
