Ceramic Glass Contact Grill Bistro | Grooved grill plates

Description

• Contact grill with plates made of ceramic glass: Particularly fast preparation and easy cleaning
• Ideal for Paninis, Tacos, Sandwiches, Foccacia, Baguettes...
• Ready for immediate use due to short heating time: In just 2 minutes to 200°C
• Effective combination of contact heat and infrared rays that reach the core of the food: Crispy on the outside and hot on the inside in short time
• The preparation of 3 paninis at the same time with a grill time of 1 minute 45 seconds results in more than 90 Paninis per hour!
• Oven effect: The spacer that can be inserted between the grill plates transforms your contact grill into a speed oven
• Easy cleaning of smooth glass surfaces
• The sealed and non-porous material does not transport the taste from prepared food to the next
• Grease drain with removable collecting tray
• Casing, lever and handle made of stainless steel
• Temperature range 0-350°C
• Digital timer with memory for 3 individually adjustable preparation times
• The precisely adjustable digital timer ensures a consistent product quality and perfect cooking times, even with changing staff
