Art.-Nr. 05-50141
Dual Fryer 2x 8 liters

Description

• 2 basins for frying different food without taste transmission
• drain taps facilitate the oil change and cleaning
• basins with important cold zone: sinking crumbs at the bottom do not burn or generate harmful and flavour changing substances. Hence you can use the oil more often
• safety thermostat up to 190°C
• high power heating elements hold by stainless steel flanges
• overheating protection
• pilot lights
• heat-resistant handles
• basket size 128x320x145 mm
• incl. 2 lids for the oil basins
• 2 separate sockets required

Technical data

Voltage:	230V
Supply frequency:	50Hz
Width x depth x height:	400 x 600 x 465 mm
Net-weight:	25 kg
Content / Capacity:	2x 8 Liter
