Neumärker Galaxia® Black Edition | Professional Design Waffle Maker

Description

The fully matte black Galaxia Black Edition impresses with its clean, modern design language and exceptional build quality. The Galaxia combines retro-futuristic design with modern technology and professional baking performance based on more than 100 years of waffle iron expertise. Inspired by the iconic Space Age style of the 1970s, it becomes a striking centerpiece in bistros, bars and cafés while delivering professional-quality baking results. Every Galaxia is manufactured in the Neumärker factory in Germany.

Matt Black Finish – Ceramic-Reinforced Coating
The entire housing of the Galaxia Black Edition is finished with an elegant matte black ceramic-reinforced coating. This food-safe surface offers a premium tactile feel, a sophisticated low-reflection appearance, and outstanding scratch and corrosion resistance. At the same time, it is exceptionally easy to clean and designed for everyday professional use.

Touch Injury Protection (TIP)
The patented Touch Injury Protection (TIP) vacuum lid provides outstanding thermal insulation through its innovative vacuum insulation technology. This significantly reduces heat radiation to the outside, improving energy efficiency while keeping the outer surface temperature lower for enhanced protection against accidental contact.

Perfect Waffle Baking Results
The new Galaxia automatically controls the baking temperature, making operation exceptionally simple and convenient. Simply set the desired baking time using the digital timer—the appliance takes care of the rest. Once the baking time has elapsed, an audible signal reminds you to remove the waffle at exactly the right moment for consistently perfect baking results.

Intelligent Design
The solid die-cast aluminum baking plates feature a modern PTFE non-stick coating for effortless waffle release. Special

Technical data

Electric power:	1,6 kW
Voltage:	230V
Supply frequency:	50HZ / 60Hz
Width x depth x height:	270 x 370 x 210/515 mm
Net-weight:	7 kg
Size of the waffle:	210 x 210 x 12 mm
Number of waffles:	1

steam vents in the upper baking plate allow excess moisture to escape, ensuring even browning on both sides. An integrated batter overflow protection keeps both the appliance and the work surface clean. For easy cleaning and maintenance, the baking plates can be removed from the appliance.
The heavy die-cast aluminum base with non-slip rubber feet provides excellent stability while emphasizing the premium craftsmanship of the appliance.
Equipped with the Heart Waffle / Bergische Waffle baking plates, the Galaxia Black Edition bakes one waffle measuring 210 × 210 × 12 mm.

Highlights

- Made in Germany – manufactured in the Neumärker factory
- Elegant all-matte black design
- Ceramic-reinforced food-safe coating
- Highly scratch-, corrosion- and wear-resistant surface
- Patented TIP vacuum lid for outstanding energy efficiency and reduced surface temperatures
- Factory-optimized baking temperature
- Digital timer with audible signal
- Solid die-cast aluminum baking plates with PTFE non-stick coating
- Steam vents for optimum baking results
- Integrated batter overflow protection
- Removable baking plates for easy cleaning and maintenance
- Heavy die-cast aluminum base with non-slip feet
- For 1 heart waffle / Bergische waffle, 210 × 210 × 12 mm
