Art.-Nr. 05-10120
Quick Slush 2x 12 Liter

Description

Professional slush machine for the catering industry - powerful, efficient and easy to clean. The electric Quick Slush machine is ideal for preparing and serving slush, granita and frozen cocktails in the catering industry. Developed for continuous operation even at high ambient temperatures, it impresses with its sophisticated details and simple operation.

- Electric slush machine for slush, granita and frozen cocktails
- Climate class T: reliable use at ambient temperatures of up to 43°C
- Push & Pull taps for intuitive, fast operation
- Backlit beverage containers for attractive presentation
- Energy-saving standby mode
- Easily removable taps for a convenient cleaning
- Removable containers with reduced edges for better mixing results and easy cleaning
- Fast freeze: Particularly fast cooling
- Mixer and cooling can be switched separately
- Integrated condensation drain
- Drip trays with fill level indicator
- Robust stainless steel housing
- Environmentally friendly refrigerant R290

Technical data

Electric power:	800 W
Voltage:	230V
Supply frequency:	50Hz
Width x depth x height:	420 x 520 x 720 mm
Net-weight:	45 kg
Content / Capacity:	2x 12 Liter
