# Pocket Snack Maker Thermocook® incl. Pocket Snack Interchangeable Plates (cast iron)

## Description

The Neumärker Thermocook® Pocket Snack Maker is the ideal solution for professional snack concepts with maximum flexibility. As a multifunctional system appliance, the Thermocook® allows the use of over 25 different interchangeable plates – from waffles, pizza, and crêpes to paninis, pancakes, and donuts. In combination with the Pocket Snack plate, fully sealed, triangular snacks are created with a crispy exterior and a juicy filling. A wide variety of dough types such as flatbread, pizza dough, tortilla, dürüm, crêpe, galette, brick pastry or puff pastry offer maximum versatility and enable both classic and creative snack concepts. Ideal for street food, bakeries, cafés or modern to-go concepts. With just one device, countless filling variations can be created – from savory options with meat, cheese, and vegetables to sweet creations with chocolate or fruit. By using pre-portioned ingredients, processes can be standardized, quality ensured and workflows made more efficient.

**Multifunctional system for maximum versatility:**

- Over 25 interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, pancakes, or donuts.
- Quick plate changes for different concepts.
- Ideal for expanding menus without additional equipment.

**Precision & process reliability:**

- Digital timer with large display (up to 9:59 min/sec).
- Acoustic signal at the end of the cooking time ensures consistent product quality – even with changing staff.
- Prevents overcooking and supports efficient workflows.
- Optimal heat performance & energy efficiency: Direct contact between heating element and interchangeable plate for maximum heat transfer.
- High-performance special heating elements with enlarged heating surface for even results without hotspots.
- Double insulation reduces heat loss and increases safety.

## Technical data

| | |
|---|---|
| **Electric power:** | 2,8 kW |
| **Voltage:** | 230V |
| **Supply frequency:** | 50HZ / 60Hz |
| **Width x depth x height:** | 320 x 340/530 x 275/655 mm |
| **Net-weight:** | 25 kg |
| **Size of the waffle:** | 155 x 85 x 23 mm |
| **Number of waffles:** | 4 |

**Easy cleaning & maintenance:**
- Easily accessible surfaces for quick cleaning.
- Service-friendly design for simple maintenance and repair.
- Front panel made of durable and easy-care Autotex polyester.

**Maximum flexibility in snack offerings with the Pocket Snack interchangeable plate:**
- Suitable for a wide range of dough types such as tortilla, crêpe, pizza dough or puff pastry.
