- Multifunction appliance for interchangeable plates (not included).
- Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, pancakes, donuts, sandwiches, churros.
- Digital timer with large display adjustable up to 9:59 min/sec.
- An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing staff.
- The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time.
- Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that are tightened evenly.
- New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots.
- Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns.
