Art.-Nr. 12-40801-15_B

Waffle Maker Thermocook® incl. Brussels Waffle Interchangeable Plates (non-stick coated cast iron)

Description

The traditional waffle of the Benelux region: The classic. With 30 mm thickness this waffle is a really filing portion. Due to the size it can be offered for a high price. In Germany it is common to serve it with cherry sauce and whipped cream. Following many customer requests, we now also offer the classic Brussels waffle with a non-stick coating. The core material of the interchangeable plate remains cast iron with its unique thermal properties. The iron retains the heat and the waffles turn out with a lovely crispiness. The surface of the cast iron is sealed with a non-stick coating so that the waffles come off even more easily. The waffle baking plates rarely or never need to be greased. This makes it particularly easy, especially for inexperienced staff.

- Multifunction appliance for interchangeable plates (non-stick coated cast iron Brussels Waffle plates included)
- Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, pancakes, donuts, sandwiches, churros
- Digital timer with large display adjustable up to 9:59 min/sec
- An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing staff
- The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time
- Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that are tightened evenly
- New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots
- Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns
- Extremely stable frame construction thanks to reinforced

Technical data

Electric power:	2,8 kW
Voltage:	230V
Supply frequency:	50HZ / 60Hz
Width x depth x height:	320 x 340/530 x 275/655 mm
Net-weight:	22 kg
Size of the waffle:	165 x 105 x 30 mm
Number of waffles:	2

supports
- The space of 42 mm between the hot plates and the casing prevents heat accumulation in the appliance and thus extends the service life
- Improved ventilation slots ensure heat exchange in the casing
- Easy cleaning of the accessible surfaces
- Particularly service-friendly design for easy maintenance and repair
- Front panel with display made of easy-to-clean and durable Autotex polyester
- Thermostatic control 0 - 300°C
- Pilot light
- On/off switch
- Stainless steel casing
- Height-adjustable feet

Interchangeable plates:
- For 2 Waffles each 165 x 105 x 30 mm
- Massive cast iron with non-stick coating
