Art.-Nr. 05-10192A

Slush Machine Granismart Eco 2x 5 liters

Description

Small, smart and powerful! The Granismart is one of the smallest professional slush machines on the market. Thanks to its compact design, it is perfect for cafés, snack bars and mobile sales points. Despite its small size, it offers professional performance, easy cleaning and flexible use for slush, granita or chilled drinks.

- Extremely compact: one of the smallest professional slush machines in the world: ideal for limited counter space
- Electronic thermostat with automatic temperature control for consistent product quality
- 3 temperature settings: freezing function (-3°C) for slush or granita / cooling function (+3°C) for beverages / stirring function without cooling
- Removable container for quick and thorough cleaning
- Easily removable taps, hygienic and easy to clean
- Easily accessible ventilation filter for regular cleaning
- Integrated stirrer for a uniform consistency
- Condensation drain
- Environmentally friendly R290 refrigerant: efficient, sustainable and powerful

Technical data
