

Art.-Nr. 05-20141-6

**Topping Sauce Salted Caramel
6x 1 kg**

Description

Caramel with a kick. Sweet. Salty. Sensational. Aromatic caramel flavours with a fine saline finish.

These sauces are made for desserts that demand more than just good looks. The newly developed Neumärker topping sauces were created with a clear objective: maximum flavour combined with perfect handling. Each variety delivers an intense, clearly defined aroma.

Whether for waffles, crêpes, desserts or ice cream: Neumärker topping sauces add intensity to the plate and ensure the flavour lingers long after the last bite. Their creamy, thick-flowing consistency allows clean, precise application – even on warm waffles or cold ice cream.

Desserts are not only decorated, but deliberately enhanced in flavour.

Product Benefits

Newly developed recipe with a focus on intense flavour
Creamy & thick-flowing for maximum control during plating
Flavour with punch: present, clear and instantly re
Developed to meet the demands of professional d
ice cream production

Product Details
