Art.-Nr. 05-20142-6

Topping Sauce White Hazelnut 6x 1 kg

Description

So delicate. So sweet. So creamy. It melts away and takes you with it. Creamy and nutty, mild and pleasantly sweet. These sauces are made for desserts that demand more than just good looks. The newly developed Neumärker topping sauces were created with a clear objective: maximum flavour combined with perfect handling. Each variety delivers an intense, clearly defined aroma.
Whether for waffles, crêpes, desserts or ice cream: Neumärker topping sauces add intensity to the plate and ensure the flavour lingers long after the last bite. Their creamy, thick-flowing consistency allows clean, precise application – even on warm waffles or cold ice cream. Desserts are not only decorated, but deliberately enhanced in flavour.

Product Benefits

- Newly developed recipe with a focus on intense flavour
- Creamy & thick-flowing for maximum control during plating
- Flavour with punch: present, clear and instantly recognisable
- Developed to meet the demands of professional dessert and ice cream production

Product Details

- Packaging unit: 6 bottles of 1 kg each
