Topping Sauce Pistazie 6x 0,9 kg

Description

Intense. Exquisite. Creamy. So extraordinary that your dessert pauses in awe. Intense pistachio flavour with a rounded, nutty note.
These sauces are made for desserts that demand more than just good looks. The newly developed Neumärker topping sauces were created with a clear objective: maximum flavour combined with perfect handling. Each variety delivers an intense, clearly defined aroma.
Whether for waffles, crêpes, desserts or ice cream: Neumärker topping sauces add intensity to the plate and ensure the flavour lingers long after the last bite. Their creamy, thick-flowing consistency allows clean, precise application – even on warm waffles or cold ice cream.
Desserts are not only decorated, but deliberately enhanced in flavour.
