Art.-Nr. 05-20144-6

Topping Sauce Himbeere 6x 1 kg

Description

Fruity. Bold. Cheeky. The raspberry explosion for desserts. Fresh and fruity with a vibrant, noticeable acidity.
These sauces are made for desserts that demand more than just good looks. The newly developed Neumärker topping sauces were created with a clear objective: maximum flavour combined with perfect handling. Each variety delivers an intense, clearly defined aroma.
Whether for waffles, crêpes, desserts or ice cream: Neumärker topping sauces add intensity to the plate and ensure the flavour lingers long after the last bite. Their creamy, thick-flowing consistency allows clean, precise application – even on warm waffles or cold ice cream.
Desserts are not only decorated, but deliberately enhanced in flavour.

Product Benefits

- Newly developed recipe with a focus on intense flavour
- Creamy & thick-flowing for maximum control during plating
- Flavour with punch: present, clear and instantly recognisable
- Developed to meet the demands of professional dessert and ice cream production

Product Details
