

Art.-Nr. 05-20144-6

**Topping Sauce Himbeere 6x 1
kg**

Description

Fruity. Bold. Cheeky. The raspberry explosion for desserts.
Fresh and fruity with a vibrant, noticeable acidity.

These sauces are made for desserts that demand more than just good looks. The newly developed Neumärker topping sauces were created with a clear objective: maximum flavour combined with perfect handling. Each variety delivers an intense, clearly defined aroma.

Whether for waffles, crêpes, desserts or ice cream:
Neumärker topping sauces add intensity to the plate and ensure the flavour lingers long after the last bite. Their creamy, thick-flowing consistency allows clean, precise application – even on warm waffles or cold ice cream.
Desserts are not only decorated, but deliberately enhanced in flavour.

Product Benefits

Newly developed recipe with a focus on intense flavour
Creamy & thick-flowing for maximum control during plating
Flavour with punch: present, clear and instantly recognisable
Developed to meet the demands of professional ice cream production

Product Details

Packaging unit: 6 bottles of 1 kg each
