Art.-Nr. 05-40251N

Waffle Dough Portioner DispoHit | The Dough Portioner for Professional Waffle Makers

Description

• The Neumärker DispoHit Dough Dispenser transforms your waffle maker into a professional waffle baking station
• The DispoHit makes dough portioning quick, easy and precise
• No more spilling of dough, so your workplace stays clean and waste is reduced
• Thanks to the swiveling double hinged arm, the DispoHit can be used for 2 single or one double waffle maker
• The container has space for 6 liters of wafer dough
• The amount of portioned dough can be adjusted so that you always dispense the exactly right amount of dough into your waffle maker. Depending on the size of the waffles this can of course also mean exactly 2 or 3 pumps
• The massive steel base plate ensures that the DispoHit dough portioner is always stable
• The container is made of stainless steel and can be easily dismantled into its individual parts for cleaning
• Height-adjustable
• Double hinged bracket
• Suitable for1 or 2 waffle makers (Now allso suitable for the Helios Baking System)
• 6 liters capacity
