Sauce & Chocolate Warmer Crema III

Neumärker[®]

Description

The Neumärker Sauce & Chocolate Warmer is the ideal solution for professional kitchens. It keeps sweet and savoury sauces, chocolate and liquid toppings consistently fluid and ready for dispensing. Thanks to the removable bottles, savoury sauces can be applied directly onto desserts or snacks. Ideal for high demand.

Clean & precise dispensing.

Removable 1-liter special bottles for even dispensing.

Direct, portion-accurate application for an attractive presentation. Even heating & optimum

Gentle heating keeps sauces consistently fluid and ready to use.

Ideal for sensitive products such as hazelnut chocolate spreads or cheese sauces.

Versatile applications:

Suitable for sweet toppings such as chocolate, honey or caramel.

Also suitable for savoury sauces like cheese sauces or hot dog sauces.

Perfect for crêpes, waffles, pancakes, ice cream, churros, desserts and snacks.

Well-designed system & easy handling:

Dry-heated system – no water bath required.

Removable display surface for placing a jar (e.g. jam, honey or spread).

Compact design for use on counters, buffets or in food trucks.

Ideal for fast service during peak demand.

Designed for gastronomy, bakeries and catering.
