Art.-Nr. 05-70540
Cooling Display Tower

Description

The Tower cooling display combines modern design with maximum visibility for an eye-catching presentation of snacks, desserts and drinks.
The all-round glass construction ensures excellent visibility and an attractive product display.
Integrated LED lighting further enhances product appeal, while the ventilated cooling system provides uniform temperature throughout the interior. Ideal for use in counters, cafés, bakeries and shops with a focus on impulse sales.

- Ventilated cooling +4°C up to +8°C (at an ambient temperature of 21°C).
- Digital temperature display.
- Sliding doors on the back.
- Long-life LED lighting for more attention.
- Boost your sales through ideal visibility of your products.
- All glass panels made of tempered glass.
- Glass shelves height-adjustable.
- 3 glass shelves 695 x 250 mm and 2 bottom shelves.
- Cooling unit hidden on the back.
- Energy efficiency class: C (scale A-G).
- Annual energy consumption: 2470 kWh/year.

Technical data

Electric power:	267 W
Voltage:	230V
Supply frequency:	50Hz
Width x depth x height:	710 x 535 x 895 mm
Net-weight:	62 kg
