Ice Cream Display Ice Point 2

Description

The Ice Point ice cream display is the ideal solution for presenting ice cream in an attractive and space-saving way. As a compact countertop unit, it is perfect for restaurants, cafés, bistros or food trucks looking to expand their offering with ice cream – without the need for a large ice cream display. Thanks to its compact design, the Ice Point can be easily integrated into existing counters and brings ice cream directly to the point of sale. The integrated lighting ensures an appealing presentation and supports sales. A practical and economical solution for professional use in limited spaces.
