SWiNG Baking System | The turnable waffle maker for changeable baking plates

Description

SWiNG. The turning makes the difference:

The turning after filling entirely allocates the dough within the baking plates. The direct contact to the baking plates creates a nice colour and an aesthetic shape. The outer layer works similar to a sealing and keeps the moisture inside the airy waffle.

- The new model: Removable baking plates facilitate the cleaning
- New handle design for a better accessibility of the hoods while cleaning
- Stainless steel casing
- 180° left/right pivoting for optimal dough distribution
- Digital timer
- Thermostat with on/off function
- Pilot light
- Drip tray
- Height-adjustable feet
- Baking plates not included

Technical data

Electric power: 2 kW

Voltage: 230V

Supply frequency: 50Hz / 60Hz

Width x depth x height: 470/635 x 295 x 250/585 mm

Net-weight: 9 kg
