**Waffle Maker Thermocook® incl.
Brussels Waffle Interchangeable
Plates (non-stick coated cast
iron)**

Description

The traditional waffle of the Benelux region: The classic. With 30 mm thickness this waffle is a really filling portion. Due to the size it can be offered for a high price. In Germany it is common to serve it with cherry sauce and whipped cream. Following many customer requests, we now also offer the classic Brussels waffle with a non-stick coating. The core material of the interchangeable plate remains cast iron with its unique thermal properties. The iron retains the heat and the waffles turn out with a lovely crispiness. The surface of the cast iron is sealed with a non-stick coating so that the waffles come off even more easily. The waffle baking plates rarely or never need to be greased. This makes it particularly easy, especially for inexperienced staff.

Multifunction appliance for interchangeable plates (non-stick coated cast iron Brussels Waffle plates included)

Currently more than 25 different interchangeable plates

available, e.g. for waffles, pizza, crêpes, paninis, pancakes, donuts, sandwiches, churros

Optimal heat transfer: Direct contact between he and interchangeable plate due to 8 screws that evenly

New high-performance heating elements with er heating surface for even heat distribution without

Particularly energy-efficient through optimised th insulation: A double shielding minimises heat loss reduces the risk of serious burns

Extremely stable frame construction thanks to re supports

The space of 42 mm between the hot plates and prevents heat accumulation in the appliance and the service life

Improved ventilation slots ensure heat exchange

Easy cleaning of the accessible surfaces

Particularly service-friendly design for easy mair repair

Front panel with display made of easy-to-clean and durable Autotex polyester

Thermostatic control 0 - 300°C

Pilot light

On/off switch

Stainless steel casing

Height-adjustable feet
Interchangeable plates:

For 2 Waffles each 165 x 105 x 30 mm

Massive cast iron with non-stick coating

Technical data

	Electric power:	2,8 kW
	Voltage:	230V
	Supply frequency:	50HZ / 60Hz
	Width x depth x height:	320 x 340/530 x 275/655 mm
	Net-weight:	22 kg
	Size of the waffle:	165 x 105 x 30 mm
	Number of waffles:	2
