Waffle Maker Thermocook® incl. Big Hearts Waffle Interchangeable Plates

Neumärker[®]

Description

The Bergisch Waffle, also known as Hearts Waffle, is one of Germany's most popular waffle shapes. A current trend is to fill it with ingredients according to customers' desire.

Multifunction appliance for interchangeable plates (Waffle plates included)

Currently more than 25 different interchangeable waffle plates are available, e.g. for waffles, pizza, crêpes, paninis, donuts, sandwiches, churros

Digital timer with large display adjustable up to 99 minutes
An acoustic signal at the end of the cooking time ensures a consistent product quality, even with frequently used interchangeable plates
The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time

Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that ensure an even heat distribution

New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots

Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns

Extremely stable frame construction thanks to reinforced supports

The space of 42 mm between the hot plates and the casing prevents heat accumulation in the appliance and thus extends the service life

Improved ventilation slots ensure heat exchange in the casing

Easy cleaning of the accessible surfaces

Particularly service-friendly design for easy maintenance and repair

Front panel with display made of easy-to-clean and durable Autotex polyester

Thermostatic control 0 - 300°C

Pilot light

On/off switch

Stainless steel casing

Height-adjustable feet

Interchangeable plates:
