Sandwich Maker Thermocook® incl. Sandwich Interchangeable Plates

Neumärker®

Description

The professional sandwich maker for filled sandwiches. The massive baking plates keep always their temperature for quick cooking times.

Multifunction appliance for interchangeable plates (4 plates included)

Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, donuts, sandwiches, churros

Digital timer with large display adjustable up to 99 minutes. An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing plates. The acoustic signal reminds the user at the right time to remove the food so that it does not burn while the user is performing other tasks at the same time.

Optimal heat transfer: Direct contact between heating elements and interchangeable plate due to 8 screws that are evenly distributed.

New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots.

Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns.

Extremely stable frame construction thanks to reinforced supports.

The space of 42 mm between the hot plates and the casing prevents heat accumulation in the appliance and thus extends the service life.

Improved ventilation slots ensure heat exchange in the casing.

Easy cleaning of the accessible surfaces.

Particularly service-friendly design for easy maintenance and repair.

Front panel with display made of easy-to-clean and durable Autotex polyester.

Thermostatic control 0 - 300°C.

Pilot light.

On/off switch;

Stainless steel casing.

Height-adjustable feet.

Interchangeable plates:

For 4 sandwiches each 115 x 125 x 25 mm

Massive cast aluminium with non-stick coating

I data

Electric power: 2,8 kW

Voltage: 230V

Frequency: 50Hz / 60Hz

Dimensions x depth x height: 320 x 340/530 x 275/655 mm

Weight: 15 kg

Cooking area: (4x) 115 x 125 x 25 mm
