Thermocook® incl. Scrambled Eggs Interchangeable Plates

Description

With the scrambled eggs interchangeable plates prepare small portions of food in up to 4 separate compartments. Suitable for scrambled eggs, Kai and other dishes that are served in individual portions. Precooked food can be quickly reheated before

Multifunction appliance for interchangeable plates (Eggs plates included)

Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, donuts, sandwiches, churros

Digital timer with large display adjustable up to 99 minutes. An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing recipes. The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time.

Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that ensure even heating.

New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots.

Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns.

Extremely stable frame construction thanks to reinforced supports.

The space of 42 mm between the hot plates and the casing prevents heat accumulation in the appliance and thus extends the service life.

Improved ventilation slots ensure heat exchange in the casing.

Easy cleaning of the accessible surfaces.

Particularly service-friendly design for easy maintenance and repair.

Front panel with display made of easy-to-clean and durable Autotex polyester.
