

Panini Grill Thermocook® incl. Panini Grill Interchangeable Plates

Description

With the panini grill plate, you can turn your Thermocook into a professional contact grill. For paninis, bread rolls, flatbread and much more. Ideal for briefly crisping sandwiches and paninis before serving. • Grilling area: 280 mm x 280 mm

Multifunction appliance for interchangeable plates (plates included)

Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, donuts, sandwiches, churros

Digital timer with large display adjustable up to 99 minutes. An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing cooking times. The acoustic signal reminds the user at the right time to remove the food so that it does not burn while the user is performing other tasks at the same time.

Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that are evenly distributed.

New high-performance heating elements with a larger heating surface for even heat distribution without hot spots. Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns.

Extremely stable frame construction thanks to reinforced supports

The space of 42 mm between the hot plates and the frame prevents heat accumulation in the appliance and extends the service life.

Improved ventilation slots ensure heat exchange in the casing.

Easy cleaning of the accessible surfaces

Particularly service-friendly design for easy maintenance and repair

Front panel with display made of easy-to-clean and durable Autotex polyester

Thermostatic control 0 - 300°C

Pilot light

On/off switch

Stainless steel casing

Height-adjustable feet

Interchangeable plates:

Solid cast iron ensures outstanding heat retention. This guarantees quick preparation and the perfect grill pattern on the food.

The classic cast iron plates do not require a non-stick coating and are resistant to mechanical influences. This means they can be cleaned thoroughly without fear of damaging the material.

Infinitely height-adjustable, parallel grill plates 0 to 44 mm

Spring-supported lid for easy opening

Max. opening of the grill plates 100 degrees (angle)

Not suitable for baking system adapters.

Technical data

	Electric power:	2,8 kW
	Voltage:	230V
	Frequency:	50Hz / 60Hz
	Dimensions x depth x height:	320 x 340/530 x 275/655 mm
	Weight:	26 kg
	Cooking area:	280 x 280 mm
