

Art.-Nr. 12-40801-76

Mini Pizza Oven Thermocook® incl. Pizza & Pinsa Interchangeable Plates

Neumärker®

Description

The pizza baking plate transforms your Thermocook into a fully-fledged, small pizza oven. Of course, you can also prepare tarte flambée, foccacia, pinsa or bagels in the cooking space (max. height 35 mm). Pizza stone for crispy baking results. The recess on the top allows radiant heat from the heating element.

Multifunction appliance for interchangeable plate (incl. Pinsa plates included)

Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, donuts, sandwiches, churros • Digital timer with adjustable up to 9:59 min/sec

An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing tasks. The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time.

Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that ensure even heating.

New high-performance heating elements with ceramic heating surface for even heat distribution without hot spots. Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns.

Extremely stable frame construction thanks to reinforced supports.

The space of 42 mm between the hot plates and the casing prevents heat accumulation in the appliance and thus extends the service life.

Improved ventilation slots ensure heat exchange in the casing.

Easy cleaning of the accessible surfaces.

Particularly service-friendly design for easy maintenance and repair.

Front panel with display made of easy-to-clean and durable

Autotex polyester

Thermostatic control 0 - 300°C

Pilot light

On/off switch

Stainless steel casing

Height-adjustable feet

Interchangeable plates:

Baking chamber Ø 300 x h 35 mm

Massive cast aluminium

Pizza baking stone for crispy baking results

Not suitable for Thermocook Twin

Not suitable for Baking System Adapter

Technical data

Rated power:	2,8 kW
Voltage:	230V
Frequency:	50Hz / 60Hz
Dimensions (depth x height):	320 x 340/530 x 275/655 mm
Weight:	15 kg
Baking area (Ø):	~ 300 x h 35 mm
