

Description

Multifunction appliance for interchangeable plates (not included)

Currently more than 25 different interchangeable plates available, e.g. for waffles, pizza, crêpes, paninis, pancakes, donuts, sandwiches, churros

Digital timer with large display adjustable up to 9:59 min/sec

An acoustic signal at the end of the cooking time ensures consistent product quality, even with frequently changing staff

The acoustic signal reminds the user at the right time to remove the food so that it does not burn while they are performing other tasks at the same time

Optimal heat transfer: Direct contact between heating element and interchangeable plate due to 8 screws that are tightened evenly

New high-performance heating elements with enlarged heating surface for even heat distribution without hotspots

Particularly energy-efficient through optimised thermal insulation: A double shielding minimises heat loss and reduces the risk of serious burns

Technical data

	Electric power:	2,8 kW
	Voltage:	230V
	Supply frequency:	50Hz / 60Hz
	Gas power:	'0'
	Width x depth x height:	320 x 340/530 x 275/655 mm
	Net-weight:	9 kg
	Number of waffles:	'0'
