

Description

Massive cast iron for constant heat, even at cold outside temperatures

Surface heating element: Even heat distribution over the entire baking plate

Efficient use of energy due to optimal contact between heating element and cast iron plate

Long-lasting and durable: The distance between the hot baking plate and the casing prevents heat accumulation and thereby caused electronic damage

Stainless steel casing

Cast iron baking plates Ø 400 mm

Thermostat with on/off function

Pilot light

Height-adjustable feet

Technical data

Electric power: 2x 3,2 kW

Voltage: 230V

Supply frequency: 50Hz / 60Hz

Width x depth x height: 845 x 400 x 165 mm

Net-weight: 40 kg

Working area (Ø): 2x 400 mm
