

Art.-Nr. 9-70340-19

**Filter Sleeve for mulled wine
flow heater**

Description

- The sleeve filters particles out of beverages during suction
- The filter prevents the intrusion of solid particles into the pump of the flow heater
- The pumps are protected from damage and the service life of the appliances is extended
- One filter is required for each beverage pipe
- The sleeve is simply attached onto each pipe
- Scope of delivery: filter sleeve, hose clamp, 2 sealing rings (1x replacement)

Technical data

Width x depth x height:

85 x 15 x 15 mm
